thanks to bundles that
are compressed by

50%

The Tork PeakServe® Continuous™ Hand Towel system uses compressed bundles to offer the **highest capacity on the market**, which means that you can avoid run-outs during peak hours. In combination with the easy-to-use, continuous system, Tork PeakServe lets you:

Free up staff time
for actual cleaning

Speed up
restroom flow

Save on storage space
and reduce transportation
environmental impact

*Compared to competitor's longest roll towel
in Europe and North America

Serve restrooms with different traffic flows, layouts and sizes with the same refill

Tork PeakServe is now available as standard and mini dispensers and as adapters for recessed towel cabinets, enabling you to meet the needs of your entire facility with the same refill.

Improve your sustainability performance

Well-being

Making hygiene accessible to all users. Taking a towel is always smooth and easy with our continuous hand towel system.

Our Tork PeakServe dispensers are ADA compliant and certified Easy-to-use for cleaners and users by the Swedish Rheumatism Association.

More from less

50% compressed towels enable you to store more towels on the cart, save storage space, increase the number of towels per truck, and reduce transportation environmental impact.

Eliminate waste from stub rolls and over consumption with one-at-a-time dispensing.

Circularity

Tork PeakServe hand towels are FSC® certified – the only Forest Certification recognized by LEED.

This guarantees that the product is made of fibers from responsibly-managed forests and other controlled sources.
