

The right business insurance? Surprisingly simple.

Buyers Edge Platform's insurance partner Mylo does the work for you of recommending the coverage you need to protect your growing business — then finds you the best value from multiple top-rated carriers.

Get expert advice and compare quotes in minutes for:

**BUSINESS OWNER'S POLICY**

combines two essential coverages to save you money: general liability and property. You may be able to add other coverages too.

**GENERAL LIABILITY**

covers bodily injury and property damage caused by your business and lawsuits related to your communications.

PROPERTY Helps you repair or replace your business property and equipment after damages from theft, vandalism, fire or other disasters.

**WORKERS' COMPENSATION**

provides lost wages and medical benefits to employees injured on the job — and shields you from most employee lawsuits.

**COMMERCIAL AUTO**

covers you if vehicles owned or leased by your business — or personal vehicles used for work — cause damage to others or their property.

**COMMERCIAL UMBRELLA**

covers legal costs if you're sued and reach the limits of your general liability, workers' comp or commercial auto.

LIQUOR LIABILITY covers legal costs if someone purchases liquor from you and causes damages or injuries while intoxicated.

CRIME compensates you for financial damages caused by dishonest employees. Recommended if you have high turnover and cash on hand.

CYBER helps you rebuild your systems, pay fines and legal fees and compensate customers after a cyberattack or data breach.

You know your business. We know insurance.
